THE BOWEN TAX CASE

The Sheriff of Carroll County Cited to Appear.

STORY OF THE LITIGATION.

The Sheriff Must Show Cause to the Supreme Court Why He Should Not Be Cited For Contempt—Governor Matthews Improving—Liquor Laws Violated—Other Indiana State News.

INDIANAPOLIS, April 3.—The supreme court yesterday made an order directing the sheriff of Carroll county to show to the court on or before April 14, at 9 o'clock a. m. why he should not be punished for contempt in not serving and returning within the time provided an order of the court in the celebrated Bowen tax case.

After the court had made the order, Attorney General Ketcham received a telegram from the sheriff stating that he had just mailed the return. In this case the attorney general, representing the state board of tax commissioners, has made a motion for leave to apply to set aside the order of dismissal in the suit of William J. Gucken, treasurer of Carroll county, and others against Nathaniel W. Bowen, administrator, and others, entered Oct. 9, 1895, and to permit the state board of tax commissioners to intervene.

The suit was to collect taxes due Carroll county from the Bowen estate. The suit was compromised and dismissed without the state's interests being considered, it is averred. The state board of tax commissioners maintain that the state is entitled to \$11,000 back taxes from the estate, and the attorney general has undertaken to collect the amount. He is endeavoring to have the old case reopened, and will also bring suit against Carroll county. There is said to be a good deal of feeling in Carroll county over the action of the state.

WITHOUT FOOD FOR FOUR WEEKS.

William Thornburg, a Travelling Salesman, Singularly Disabled.

MUSKEG, Ind., April 3.—The town of Alexandria has a case that is very peculiar, and which has attracted attention for some time. Four weeks ago William Thornburg was stricken with paralysis of the muscles of deglutition, and he had not swallowed one drop of water nor a morsel of food until yesterday, when a few morsels of semi-liquid food was, with great difficulty, passed into his stomach.

He has been kept in fairly good condition by other means of alimentation for 28 days, and although cases of this character are nearly always fatal, his physicians have some hope that he can be kept alive until the injury, which lies at the base of the brain, can be removed.

The case is a very rare one, and is exciting no small amount of attention, especially from the medical fraternity.

Violated the Liquor Law.

JEFFERSONVILLE, Ind., April 3.—The indictments returned by the last grand jury were made public yesterday. Ten are for violation of the liquor law, two of them being against Matthias Kilgus, president of the board of metropolitan police. The others are against well known saloon keepers. These are the first indictments ever returned by the grand jury under the Nicholson law. One was returned against Green Zimmerman for keeping a gambling house and one each against Frank and Charles Lee for disturbing a religious meeting.

Block Coal Operators in Conference.

BRAZIL, Ind., April 3.—The operators of the block coal district met here yesterday, and appointed a committee of three to meet with the miners' committee on Saturday to formulate a mining scale. A committee was also appointed to prepare a pool of the block coal operators of the state for mutual protection. An effort will be made to have all the block coal operators in the district join this pool.

Noted For His Longevity.

TERRE HAUTE, Ind., April 3.—The parents of both Mr. and Mrs. James N. Cutsinger of Linton township have lived to celebrate their golden wedding anniversary. As a striking illustration of his family's longevity, Mr. Cutsinger states that he recently took his granddaughter to see his great-grandfather's aunt, Mrs. Saunders, in Shelby county. She is in her 95th year.

Blood Poisoning From a Bat Bite.

OHIO FALLS, Ind., April 3.—A peculiar case is that of James, the 14-year-old son of George Jacobs, near Sellersburg. Eight days ago he was bitten by a rat, but nothing was thought of it until yesterday, and now the boy is in a very dangerous condition with blood poisoning. His body is swelled to an unusual size, and it is feared that he will die.

Friendly Contest Ends in Death.

LAFORTE, Ind., April 3.—William Kemper and John Lipkie of Otis, this county, engaged in a friendly contest for boxing supremacy in a saloon at that place Wednesday. After a few passes Kemper struck Lipkie in the abdomen. The injured man fell unconscious and remained so until yesterday afternoon, when he expired.

BRAZIL, Ind., April 3.—Patrick Fitzgerald, one of the best known citizens of Carbon, this county, was found dead in his saloon at that place yesterday.

HARRISON-DIMMICK WEDDING.

Nearly All the Details of the Event Have Been Arranged.

NEW YORK, April 3.—The World publishes the following: Daniel Randall of Indianapolis now at the Fifth Avenue hotel, is to be one of ex-President Harrison's two ushers at his marriage with Mrs. Dimmick next Monday. The other attendant for the bridegroom will, it is understood, be General Frank Reeder of Easton.

It is believed that Mr. Harrison's children will attend the wedding. They have not, however, up to this time signified their intentions in this respect.

The exact hour set for the affair is 4:30 p. m. Mrs. Dimmick will carry a cluster of white lilies. George William Warren, the organist of St. Thomas church, will provide the music, which will be ample in character.

It is quite certain that not more than two dozen persons will witness the ceremony. Among the invited guests are Miss Dimmick, a sister of the late husband of the bride-elect, who has lived in New York for some time, Mr. and Mrs. Andrew C. Zabriskie, who recently gave a dinner to General Harrison and Mrs. Dimmick, Mr. and Mrs. Hunter, Mrs. Gray, who came from Florida especially to help her old-time friend, Mrs. Dimmick, in her preparations for the wedding, and Mrs. M. F. Parker, sister of the bride-elect and wife of Lieutenant Parker, U. S. A., who is to give the bride away.

Other guests will be as many of the late ex-president's cabinet as can attend, and possibly the members of the bridegroom's immediate family.

Russell Harrison and his wife are at present at Terre Haute, and Mr. and Mrs. McKee are at Indianapolis.

The ex-president remained at the hotel until noon and then went out for the afternoon. He lunched with Mrs. Dimmick.

EASIER SAID THAN DONE.

A Spanish Editor Promises to Land 12,000 Troops on United States Soil.

NEW YORK, April 3.—A special to The World from Madrid says: Popular excitement has been revived. The Madrid newspapers speak in terms of angry ridicule of the resolution in the United States senate that "Madness Call" as they style him. The enterprising Catalan even goes to the length of seriously offering to raise a corps of 12,000 volunteers if the government will arm, equip, and carry them across the Atlantic and land them on any coast of the United States, where the editor promises to make a raid in the interior and sustain his guerillas as soon as the Cuban belligerency is recognized.

The bishop of Oviedo's battalion of volunteers will soon embark for Cuba, 900 strong.

The government has not received confirmation of the report of Maximino Gomez's death, but Premier Canovas assures the Spanish reporters that the latest intelligence from Cuba shows that the insurgents are losing ground and courage so fast that the insurrection would be easily and promptly suppressed if the rebels despaired of recognition by the United States.

El Imparcial, on the contrary, comments upon a telegram from its special correspondent in Havana reporting that General Weyler still thinks a two-years' struggle necessary to pacify Cuba. That paper complains that General Weyler can not fully carry out his severe and indispensable policy because he fears the United States would protest. The article concludes thus: "The United States want to protect the secessionists and we must conquer them. Consequently an understanding with the United States is impossible."

A HUMAN FIEND.

Four Brutal Murders Attributed to Henry F. Bastian.

ROCK ISLAND, Ills., April 3.—Hundreds of persons visited the Bastian farm, which is under the possession of Sheriff Hemenway and corps of deputies. The finding of the decomposed body of John Louderboch under a pile of rubbish on the farm Wednesday strengthens the general belief that Henry F. Bastian was a human fiend, and that he committed suicide March 13 last because he feared his criminal record was about to be laid bare.

Following is a list of men who worked upon Bastian's farm and mysteriously disappeared shortly after they were paid off and discharged, and all of them are believed to have been slain by Bastian: Fred Kuschmann, whose body was found a month ago by the road, a mile from the Bastian farm.

John Louderboch, whose remains were uncovered Wednesday, more than a year since he vanished from sight.

Fritz Kiernzen, who has not been seen or heard from since the spring of 1894.

Marshall Lewis, who also disappeared in 1894.

Bastian testified at the Kuschmann inquest that he had paid Kuschmann \$79 the night of his death.

From the nature of the wounds on Kuschmann and Louderboch and the circumstances surrounding their deaths, Bastian's method appears to have been designed to avoid meeting his financial obligations.

NEW YORK, April 3.—A dispatch to The Herald from Valparaiso, Chili, says: The monitor Huascar, fresh from the new dry dock in Talcahuano, has arrived here. Scarcely had she cast anchor when a dreadful disaster occurred on board. Without warning the main steampipe of the vessel burst, killing eight of the crew and probably fatally injuring four others.

SUNDRY CIVIL BILL.

The House Passes the Measure After a Long Debate.

POLITICS AND RELIGION MIXED.

An Appropriation Made For a Sectarian Institution—Change of Front From the Time the District of Columbia Bill Was Passed—The Postoffice Appropriation Bill Discussed in the Senate.

WASHINGTON, April 3.—The question of appropriating public money for private or sectarian institutions, which was debated for several days during the consideration of the District of Columbia appropriation bill in connection with some appropriations for charitable institutions in Washington, was again fought over for four hours in the house yesterday. On the former occasion the contest was managed by Mr. Linton, a Michigan Republican, who is one of the pronounced A. P. A. members in congress. That contest was successful, and by a vote of 143 to 13 the bill was recommitted.

Yesterday the bone of contention was the Howard university, a colored institution of Washington, for which an appropriation of \$32,600 was inserted in the sundry civil bill on motion of Mr. Evans (Rep., Ky.). Mr. Rainer (Rep., Neb.), in whose temporary absence the amendment was adopted, rallied his forces against the appropriation on the ground that it was both a private and a sectarian institution, a school of theology, being maintained by the university. The appropriation was coupled with a proviso that no part of it should be used for religious teaching, but Mr. Rainer insisted that it could not be denied that it was in a sense a religious institution.

Mr. Cannon, Mr. Evans and other members who supported the amendment on the other hand declared that they were opposed to appropriating public money for sectarian institutions, but argued that the proviso freed it from this criticism.

Politics, of course, were injected liberally into the debate. Mr. Sayers and Mr. Hepburn were especially prominent. Each insisted that his party was more particularly the friend of the black man. The house voted 129 to 105 to retain the appropriation, thus, in a measure reversing its action when the District bill was up. An analysis of the vote shows that 107 Republicans, 19 Democrats and 3 Populists voted for the amendment, and 55 Republicans, 47 Democrats and 3 Populists against it. The sundry civil bill, as amended, was passed.

In the Senate.

WASHINGTON, April 3.—The postoffice appropriation bill served to bring out some sharp discussion in the senate on the propriety of abolishing country post-offices and absorbing them as branches of city offices. Mr. Gorman opposed the plan as undemocratic. He stated that the Baltimore postoffice territory included two congressional districts, and this postoffice power was exerted toward influencing the selection of men for congress. After a speech by Mr. Elkins, advocating subsidies and other means of extending American commerce on the seas, the postoffice bill went over.

During the day Mr. George closed his speech, covering three days, in opposition to Mr. Dupont's claim to a seat. The resolution for investigating the bond sale again went over on Mr. Hiss objection. The senate adjourned until Monday.

ELLIOT RETAINS HIS SEAT.

An Election Contest Settled by the House Elections Committee.

WASHINGTON, April 3.—The Murray-Elliott election contest from the First district of South Carolina, was practically decided yesterday by an understanding reached by the house elections committee which has the case in charge that the present member, William Elliot, who is a Democrat, be permitted to retain his seat. This is a reversal of the recommendations of the subcommittee which reported in favor of seating George Washington Murray, the colored contestant.

No report will be made to the house for some time because several members of the committee are to leave the city. Considerable interest attaches to the case because Murray was the only colored member of the last congress and would have had the same distinction in this congress if the committee had sustained his claims to the seat.

THE "WICKED" BIBLE.

A Copy Brings Its Seller Eight Thousand Per Cent Profit.

LONDON, April 3.—Three weeks ago, at an auction sale in Lincolnshire of the library and household effects of Hon. Palmer-Atkinson, formerly member of parliament for Boston, a perfect copy of the famous "Wicked" Bible went under the hammer for \$55. It is now announced that the purchaser has parted with his bargain to a well known and wealthy collector of curiosities at an advance of \$1,300.

The volume receives its peculiar name on account of the omission of the negative from the seventh commandment. It was printed in this city by Richard Barker in 1631 and has changed hands but nine times during the intervening 260 years.

The glazing of pens, in some varieties considered an important operation, is done with lac dissolved in naphtha.

LOSS HALF A MILLION DOLLARS.

Destructive Conflagration Visits Brunswick, Georgia.

Brunswick, Ga., April 3.—Several years ago this town was visited by a conflagration which destroyed it, and yesterday the disaster was almost repeated. A fire started about 1:30 p. m., which swept away many of the most prosperous business enterprises of Brunswick, and for a time it was feared the whole town would be in ashes. The total loss is conservatively estimated at about \$500,000 and the insurance is placed at \$400,000. A strong wind forced on the flames and the local fire department became powerless, so that assistance was telegraphed for to Savannah, Waycross and Jacksonville, whose departments promptly responded that they would send aid.

At 4:30 the fire was gotten under control, but not before one life had been lost. Charles Smith, an employee of the Brunswick and Western railroad, was overcome by the heat and died.

A number of sailing vessels were in danger during the progress of the flames, but all were saved.

The flames started on the Brunswick and Western railroad wharves, and within an hour the wharves, two large warehouses, a number of cars, including the freight contained therein, were consumed, entailing a loss to the company of \$200,000, partially insured.

The extensive property of the Downing company, dealers in naval stores, became ignited, and the structure with its valuable stock was consumed. Their loss is estimated at \$200,000, almost covered by insurance.

The flames then swept up Bay street, and a large portion of the business section of the town was in danger. As it was, some 13 stores, including the stock, were demolished, the loss on these being about \$100,000; insurance, \$70,000.

The fire spread to the Ocean hotel block, but did not make much headway there, the loss to the hotel being about \$20,000.

Expecting a Riot.

CLEVELAND, April 3.—The entire day police force was held in reserve for several hours yesterday morning in anticipation of a riot at the works of the Consolidated Steel and Wire company. A few months ago the company announced a reduction of wages in the Cleveland mill. The men threatened to strike and the works were closed and have so remained. Yesterday the company tried to put a force of new men at work and a mob of the old workmen gathered, declaring it would attack the newcomers. The company demanded protection, but in view of the threatening aspect of affairs, gave over its own effort toward noon. The locked out men declare that they will resist to the last any attempt to fill their places.

Must Wait Until Next Week.

NEW YORK, April 3.—A special to The World from Colon, Colombia, says: The government officials are forbidden to reveal the reason for the seizure of the American schooner George W. Whitford, while leaving Porto Bello, by a Colombian gunboat. After holy week the case will go before the public court. The name of the schooner's captain is Hendrichs, not Foote, as at first reported.

Financial Reverses Leads to Suicide.

LINCOLN, Neb., April 3.—County Treasurer Maxey Cobb, who has been missing several days, was found dead near town yesterday. He had taken morphine. Financial reverses caused him to commit suicide. Recently he had settled a shortage of several thousands growing out of the failure of a bank in which he had placed the funds.

An Ohio Girl Disappears in Denver.

DENVER, April 3.—Miss Chlo Ruelhelen, a wealthy orphan, aged 22 years, of Bellefontaine, O., who arrived in Denver a week ago, left her lodgings to take a car ride Sunday and has not since been seen by her acquaintance. As she left all her effects in her room the landlady fears she was kidnaped. The police are searching for her.

Needed Not His Prison Lesson.

LIMA, O., April 3.—Sunday night Koch's clothing store at Ohio City was robbed of a large amount of clothing. George Wilson was arrested here last night and a large portion of the stolen goods found at his premises. He was only recently released from the penitentiary, where he served a term for burglary.

The Oldest Mason Again.

JANESVILLE, Wis., April 3.—Frederick A. Humphrey, said to be the oldest Free Mason in the United States, died at his home in Shopiere yesterday, aged 95. He had belonged to the Masonic fraternity 74 years. He had held the office of county treasurer and supervisor and has resided in this county for 50 years.

Inspection of Immigrants.

WASHINGTON, April 3.—Representative Danford of Ohio has reported to the house from the immigration committee the Stone bill providing for the inspection of immigrants by United States consuls.

Death of a Minister's Wife.

CHICAGO, April 3.—The wife of the Rev. J. S. Stone, D. D., rector of St. James church, and formerly of Philadelphia, died here suddenly yesterday. The funeral will be held in Philadelphia.

MIDDLETOWN, N. Y., April 3.—Peter F. Conkling died near this city yesterday, aged 100. All his relatives are dead.

WHITES MASSACRED.

Details of the Recent Murders in Matabeleland.

GALLANT FIGHT FOR THEIR LIVES

But One Man Escaped to Tell the Tale. Six of the White Men Slain, but Fully Fifty of the Matabeles Were Killed in Battle—The Rebellion May Soon Be Checked.

LONDON, April 3.—Sir Hercules Robinson, governor of Cape Colony, has cabled to the government the details of the massacre of white men at Inyati, in Matabeleland, including Messrs. Cass, Handley and Burford. Assistant Commissioner Graham was murdered by the Matabeles at Inyati on March 27. A general attack upon the whites followed and they were entirely outnumbered, and almost overwhelmed being unable to make any effective stand against the rush of the native warriors. They managed to get hold of a wagon, and with this they managed to effect a retreat of three miles.

Their flight was perceived and they were closely followed the whole of the three miles. Some 300 Matabeles then surrounded the wagon and put a stop to its progress, and the hard-pressed whites were brought to their stand with nothing left than but to sell their lives as dearly as they could. They kept off their foes as long as possible with their firearms, and when the blacks closed in upon them, a fierce and desperate hand-to-hand conflict ended it. Overborne by superior numbers six of the whites were killed.

Donovan, the only survivor of the massacre, managed to escape by hiding in the long grass, creeping away undisturbed. Donovan estimates that fully 50 of the Matabeles were killed before the party of white men was overpowered.

Rebellion May Be Checked.

CAPE TOWN, April 3.—News from Matabeleland is not flowing in to any great extent; but there are indications now that the rebellion may be checked before it has time to spread dangerously far. Dispatches received here from England say that preparations are being made to send reinforcements of 5,000 regular troops here at short notice, should such a step be necessary, and it is said that 5,000 additional troops can be hurried here from India in a very short time. These announcements have had a calming effect upon the public mind, and there is not so much loud talking upon the part of the burghers and their advisers.

DOUBLE TAX.

A House Bill in the Interest of American Agriculture.

WASHINGTON, April 3.—Representative Wilber of New York has introduced a bill "in the interest of American agriculture." This bill will worry some of the brewers. It provides that beer brewed from imported hops and imported cereals shall pay a tax of \$2 a barrel, while beer brewed from domestic products of the farm is taxed only \$1 per barrel.

In view of the fact that the bill would increase the revenue several millions per annum and at the same time act as a retaliatory measure against the German embargo on American meats, it meets with a great deal of approval among members who represent hopraising and barley-growing districts.

CUMBERLAND RIVER OVERFLOWED.

Great Damage to Property Being Done Along the River.

LOUISVILLE, April 3.—A special from Nashville to The Times says: The Cumberland river is 55 feet deep at Burnside, Ky., and out of the banks. Many families have been forced to the second stories of their houses and merchants have taken goods out of their flooded basements. Three thousand cross-ties have been swept away and a steamboat reports much damage all along the river.

At Carthage, Tenn., the water is several feet above the danger line, and it is expected to pass that point here within a few hours.

"Brick" Pomeroy Dying.

MILWAUKEE, April 3.—"Brick" Pomeroy, the noted printer, editor and promoter, is dying of dropsy at Blythebourne, L. I. His case is hopeless and death is only a matter of a few days. Pomeroy made himself famous during the war while publishing Pomeroy's Democrat at Lacrosse, Wis. His paper had a large circulation and was noted for its extreme views on financial and other governmental affairs. He afterward founded a paper at New York with disastrous results.

Overcome by Coal Gas.

NEW YORK, April 3.—Five persons were overcome by coal gas in Captain C. Johnson's house at Parkville, L. I., yesterday. They are Thomas Cotter, Ella Johnson, Robert Johnson, Charles Johnson and Margaret Comors. The latter is not expected to recover and Robert and Ella, aged 6 and 11 respectively, are not yet out of danger. Cotter and Charles Johnson will survive. A defective flue is supposed to have caused the accident.

Dr. Johnson said, "No man in his senses, if he could get a young girl, would marry a widow." He himself married a widow many years his senior.

City Physician Harover reported that the prevalence of measles has devolved additional duties upon him. He has looked after such families as came under his observation and made them as comfortable as possible. Their chief wants,—clothing, food and fuel,—have been measurably supplied by the kind assistance of the Alms Committee. The disease is abating, and those afflicted will soon be able to care for themselves. Dr. Harover also reported that the inmates of the alms house are comfortable and the sanitation fairly good.

A claim of Frank Purnell for services as special policeman was presented but there was no motion to allow it and it went over. Mayor Cox then stated that he had been served with notice that the city had been sued in the Mason Quarterly Court by Mr. Purnell for his salary. On motion of Mr. Stallcup, the matter was referred to the Committee on Propositions and Grievances, in connection with the City Attorney, with instructions to employ additional counsel if they deem best to defend the suit.

The Internal Improvement Committee was authorized to extend the brick gutter on West Third to Lower street, provided the property holders removed obstructions and put down curbing.

In regard to the electric alarm signals at Commerce and Lexington, Mr. Heiser reported he had been in Cincinnati to see the C. and O. authorities. He saw Mr. Lewis and found him a very pleasant gentleman, but Mr. Lewis talked about most everything else, and had little to say of the bells. Mr. Heiser finally found out Mr. Gill was the proper one to see. Mr. Gill had written to him, and he had replied, and this was as far as he had gone. On motion of Mr. Heiser, the matter was referred to the Committee on Laws to report an ordinance at next meeting covering the case.

The following permits were granted: Mrs. Louisa Bendel; to re-build and enlarge coal house.

W. T. Hughes; to erect a one-story frame addition to property on Forest avenue.

L. A. Shackelford; to erect a stable in rear of her residence in First ward.

A communication from Hamburger Bros., proprietors of the Maysville Shoe Factory, was read, stating that they had been operating the factory for some time, employing about sixty hands. The business, however, has outgrown the buildings and facilities and they found it imperative to increase their plant or move it elsewhere. If they had room, they feel they could employ from 200 to 300 hands. They said they are offered help to start a factory elsewhere, and they respectfully asked if the city of Maysville would volunteer such assistance as may be deemed necessary to keep the enterprise here, under an agreement that that number of hands be employed. The matter was referred to the Committee on Laws to examine and report whether under the law the city can vote aid of the kind asked to any private enterprise. Messrs. Dressel and Blatterman were in favor of the city extending the

aid asked if it could be done under the law. Mr. Heiser opposed anything of the kind.

Chairman Newell of the Committee on Ways and Means reported that bonds to the amount of \$10,000 with interest had been paid. The canceled bonds were presented and they were examined and found correct.

Three bonds of the value of \$500 each were ordered issued and sold to provide funds for current expenses.

J. B. Burgess, W. B. Mathews, James H. Rains, H. H. Collins, William Wormald and George H. Hancock were placed in nomination for Supervisors of Tax. Messrs. Mathews, Rains and Collins were elected. Mr. Mathews receiving nine votes, Mr. Rains eight and Mr. Collins six.

Council then adjourned.

ABOUT \$500 MORE NEEDED.

The Y. M. C. A. Fund Now Amounts to \$1,540—Send in Your Subscription at Once.

At a meeting of the Y. M. C. A. Finance Committee yesterday afternoon, the reports showed that the subscriptions to the fund amounts to \$1,540.

The balance of \$460 should be provided by our citizens without delay, so that the work of securing and fitting up suitable quarters for the association may be entered upon as soon as possible.

There is a bright outlook for this young men's work in our city, if the necessary funds are guaranteed.

Those of our citizens who have not yet given anything to this work, should send in their subscriptions at once. Don't wait to be called upon. Send name to any of the committee.

You will regret it if you don't see that beautiful hall clock at Ballenger's. It's made of solid mahogany, beautifully carved and polished, and is fitted with a Regina music box which plays just before the hour is struck. There is almost no limit to the number of tunes it plays. Call and hear it play.

A SPECIAL was sent from Maysville to the Commercial Gazette a few days ago that "Miss Jennie Sturgis, of Adams County, a few miles above here is missing from her home." Miss Sturgis left her home, it was said, saying she was going to Aberdeen to visit, and has not been seen since. The Aberdeen Journal says: "There has been no young lady by that name in our town, furthermore, there is nobody residing in Aberdeen or vicinity bearing the name of Sturgis."

PAUL BLOUET, otherwise known as Max O'Rell, who lectured here last night, is to retire from the lecture platform and will return to France. He hopes to sail for England within three weeks, but will first fill several engagements in the East. M. Blouet says he is tired. "I laugh at the American people for working so hard," said he, "and then work myself to death. I have a few dates to fill before reaching New York and wish to sail by April 15th or April 22nd. I want a rest. The lecture platform has not been successful."

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

THE EX-MAYSVILLIAN.

One of Them, Mr. M. J. Niland, is Chief of Police at Corpus Christi, Texas.

A meeting of the Chiefs of Police of Texas was held at Galveston a few days ago, and the Galveston Tribune has the following in reference to a former citizen of Maysville:

Mr. M. J. Niland, of Corpus Christi, then mounted the platform and referred to the hospitable manner in which the visitors had been treated by Chief Jones and the enjoyment of their stay in the city, saying they would all carry away pleasant memories of Galveston. But the most pleasant thing connected with their stay in Houston and the visit to Galveston was the championship of the "Little Chief of El Paso." He called to the stand Katie Marlan Fink, the bright seven year old daughter of the El Paso Chief, and presented her with a beautiful gold medal, purchased for her by the Chiefs, and said he hoped she would always keep it as a token of the Chiefs' appreciation of her stay among them, assuring her that no matter how pleasant her memories of this visit might be they would not exceed his pleasure in presenting her with the medal. Mr. Niland poses as "merely a catcher of thieves," but he is also an effective after dinner speaker, and his presentation speech made the incident quite touching.

Mr. Niland is Chief of Police at Corpus Christi.

The Battle Abbey.

The BULLETIN has mentioned the Battle Abbey scheme (originating with Charles Broadway Rous, who proposes to give \$100,000 provided the Confederate veterans will raise a like amount). Those who wore the grey are fast dropping by the wayside, and the contemplated Battle Abbey will be the means of commemorating the deeds of heroism, both of the living and the dead, by preserving the mementos, relics, etc., now scattered throughout the country. It will be a testimonial to the Confederate soldier for all time.

Horses Wanted.

Mr. Joe Kindig, of York, Pa., will be at Mose Daulton & Bro.'s stable, Maysville, Ky., on Tuesday, April 7th, 1896, and will pay the highest market prices for good sound horses or mares from four to six years old, well broken and in good flesh. Bring in good ones and get the money for them. Don't forget the date.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Fitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Fitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 33 average doses of Castoria are furnished for 33 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Fitcher* is on every wrapper.

Children Cry for Fitcher's Castoria.

MUST REMAIN IN PRISON.

No Hope for the Release of Mrs. Maybrick.

LONDON, April 3.—The release committee has communicated to Lord Russell, the lord chief justice, the refusal of the home secretary, Sir Matthew Ridley, to release Mrs. Maybrick, who is now serving a life sentence for poisoning her husband.

Mrs. Maybrick.

Lord Russell replied that he was greatly disappointed at the result of the effort to secure Mrs. Maybrick's freedom, adding that he, himself, had communicated to the home secretary a strong opinion that the prisoner ought to be released.

SEARCHING FOR EVIDENCE.

Interest in the Stone Murder Has Not Abated One Whiff.

AKRON, O., April 3.—The interest in the Stone murder has not abated one whit, and the police are eagerly working on each clue as it is brought forward.

Professor C. M. Knight of Buchtel college and Dr. E. S. Underwood have begun a microscopic examination of the clothing found in Anson Strout's house at Ravenna. They will endeavor to ascertain whether or not the stains found on the garments were made by human blood.

The grand jury meets April 27, and then Strout's case will be heard. It has been decided not to have a special grand jury called, as all fears of mob violence seem to have passed away.

The murderer is closely guarded in a steel cell and is taking matters coolly. He still claims that he will be able to prove an alibi when the case comes to trial.

WIFE MURDERER CONFESSES.

He Does Not Want His Case Argued on Account of the Cost.

WILKES-BARRE, Pa., April 3.—George Windisch, the Pittston wife murderer, now under sentence of death, has made a full confession of his crime to his old pastor, Rev. G. A. Strutz of the Lutheran church. He told the clergyman he killed his wife after she had attacked him with a chisel.

He said he did not want the case taken to the supreme court because it would be an unnecessary outlay of money. After depositing \$45 in the hands of the jail warden to buy a coffin for him, the condemned man gave the balance of his money, \$600, to Rev. Mr. Strutz, to be divided between Windisch's two children.

Captured in England.

CHICAGO, April 3.—The Pinkerton agency has received word of the arrest in Southampton, England, of Matt Adams, the alleged defaulting district

clerk of Denver, Arapahoe county, Colo. Adams, it is charged, fled from Denver in November last with about \$75,000 belonging to the county and to various people. He was a prominent Mason and Odd Fellow and well known Grand Army man. There are indictments over him in Denver for perjury and for embezzlement.

Young Duck Hunter Shot.

HIGHLAND, O., April 3.—Charles Riley and William Tilton, aged 10, were hunting ducks along Lee's creek on William Morrison's farm, a short distance from town. Through carelessness or accident young Tilton was shot by young Riley, the whole load from a shotgun taking effect. The recovery of the boy is doubtful.

A Short Sugar Crop.

SAN FRANCISCO, April 3.—Randolph Spreckels, president of the Hawaiian Commercial and Sugar company, in his annual report, states that the world's product of sugar this year will probably be 1,000,000 tons short of the supply of several years past.

Vote of Confidence Carried.

PARIS, April 3.—After the debate in the chamber of deputies yesterday on the foreign policy of the government, a resolution which was acceptable to the ministry was adopted by a vote of 309 to 213.

Child Struck by an Engine.

MAYSVILLE, Ky., April 3.—Marietta Leemiller, aged 6, colored, was struck yesterday afternoon by the westbound passenger train, due here at 5:15, and hurled 30 feet. Her recovery is doubtful.

Two Men Killed in a Boiler Explosion.

RICHLAND CENTER, Wis., April 3.—At Lloyd, 15 miles east of here, yesterday afternoon, Charles Eastland and William Keith were instantly killed by the explosion of a boiler.

Woman Victim of Trolley.

WHEELING, April 3.—Mrs. M. F. Brown, a prominent woman and cousin of the late President Thompson of the Ohio River railroad, was killed by a trolley car yesterday.

Nine Men Injured.

POTTSVILLE, Pa., April 3.—By the falling of a lift yesterday at the Silver creek shaft of the Philadelphia and Reading railroad, near New Philadelphia, nine men were injured. Three of them were so badly injured that death may result. The others were slightly hurt. The accident is believed to have been due to the carelessness of the engineer in permitting the elevator to drop to the bottom with such force as to throw the men off.

Rhode Island Election Returns.

PROVIDENCE, April 3.—The revised returns of the state election show that Lippitt, Republican, was elected governor by 11,278 plurality. This is the largest plurality given to a gubernatorial candidate in this state since 1893. The total vote for each candidate for governor is as follows: Lippitt, Republican, 28,448; Littlefield, Democrat, 17,170; Peabody, Prohibitionist, 3,032; Thienert, Socialist, 1,234; Burlingame, People's, 718.

No Hope for New States.

SANTA FE, April 3.—Governor Thornton, who has just returned from Washington, says: "My impression is that there is no hope for New Mexico or any other statehood bill during this session of congress. At first the Republicans decided to kill these bills in committee room, but they finally concluded to report them to the house in order to help the delegates in their campaign for reelection."

Wheat in Ohio.

A grain firm of Toledo, O., has just received 400 replies, covering every county in Ohio, regarding the condition of growing wheat. They indicate the smallest crop ever produced in the State. The worst damage is in the southern half of the State, where many farmers will plow up wheat and sow oats.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

THOMAS J. EWING, of Catlettsburg, is a candidate for delegate to the St. Louis Republican convention from this Congressional district.

On account of the prevalence of measles in the Sixth ward, the Board of Education has decided it best to close the public school in that ward another week.

JOHN F. MORGAN, of Carlisle, is a candidate for the Democratic nomination for Commonwealth's Attorney for that judicial district, subject to the Democratic primary June 27th.

HON. GEORGE T. HALBERT, candidate for delegate to the National Democratic convention from the Ninth district of Kentucky, is out in a card in the Vanceburg Sun, to his opponent, John Cox, who is an aspirant for the same honor, saying that if Mr. Cox will advocate sound money he, Mr. Halbert, will withdraw in his favor.

The Directors of the Clark County Fair and Trotting Association have decided to offer six purses for trotters and pacers at the meeting this year, beginning July 29, as follows: 2:50 class, trotting, \$250; 2:35 class, trotting, \$300; 2:25 class, trotting, \$300; free-for-all, trotting, \$300; 2:30 class, pacing, \$250; 2:18 class, pacing, \$300. Purses will also be offered for running races.

A MAN'S health is the rope by which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Dr. Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia, kidney disease, rheumatism, consumption, skin disease, the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood.

Send twenty-one one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. Afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

VALUABLE HOTEL PROPERTY FOR SALE.

THE HILL HOUSE property on the corner of Front and Sutton streets, Maysville, Ky., is for sale. It has a frontage of eighty-eight feet on Front street and 115 feet on Sutton street, which is a splendid location for a hotel. The house contains over fifty well-lighted and ventilated rooms and can be put in good condition for a comparatively small sum.

Maysville needs a hotel more than anything else, and now is the best chance that will ever be offered to get one.

If not sold privately sooner, will be offered publicly to the highest bidder on the premises, at 2 o'clock p. m.,

WEDNESDAY, APRIL 22.
For further information apply to the undersigned.
